

Polycom® ReadiManager™ LX100

Features and Benefits

Web Interface and full Microsoft® Outlook® and IBM® Lotus Notes® support	<ul style="list-style-type: none">• Easy to use. Promotes higher user efficiency and productivity through familiar calendaring tools• Automatically updates calendars to keep users current• Increases video communications network efficiency• Reduces support costs by using existing applications
Automated/Wizard Scheduling Interface	<ul style="list-style-type: none">• Faster, easier conference scheduling• Intuitively “walks users through” scheduling process• Simplifies conference setup for inexperienced users• Accelerates usage, reduces training time/expenses
Network Intelligence	<ul style="list-style-type: none">• Schedules and launches point-to-point, embedded multipoint and standalone MCU calls• Drives more efficient use of video communications networks and reduces support costs
Automatic MCU (Multipoint Control Unit) Selection	<ul style="list-style-type: none">• Automatically determines if an MCU is needed and schedules most appropriate choice for the conference
Least Cost Routing	<ul style="list-style-type: none">• Optimizes resources and maximizes long distance savings through automatic least-cost-routing of ISDN calls
Full Dial-out and Dial-in Support	<ul style="list-style-type: none">• Complete conferencing flexibility—match best conference type to the meeting’s needs/goals• Supports mobile travelers• Rapid and hassle-free voice conference setup
Integrated LDAP/AD	<ul style="list-style-type: none">• Automated user administration reduces overall support costs
Conference Management	<ul style="list-style-type: none">• Ease-of-use, regardless of conference type• Increases user productivity and efficiency• Users can focus on their businesses goals instead of the conference logistics and technology• Reduces training and support costs
Schedule Mixed Vendor Network Environment	<ul style="list-style-type: none">• Single application schedules and connects conferences utilizing endpoints and bridges from almost any major communication vendors, across ISDN and IP networks• Keeps complexity behind-the-scenes—users simply schedule a conference and the system takes care of the details• Optimizes video communications network efficiency
Comprehensive Reporting	<ul style="list-style-type: none">• Generate reports on all calls and network management information within the Polycom ReadiManager LX100• Robust reporting application for video network• Export data to third-party billing applications
24 x 7 Monitoring and Diagnostics	<ul style="list-style-type: none">• Proactive network monitoring and troubleshooting• Rapidly identify and resolve issues to limit impact to conferences
Remote Alerts	<ul style="list-style-type: none">• Administrators automatically notified of potential problems• Alerts sent via page or SMS

Polycom ReadiManager LX100 Features and Benefits

System Management	<ul style="list-style-type: none">• Full control of video conferencing system• View real-time video network status• Manage video communication network devices• Manage Polycom SoundStation VTX 1000™ voice conference phones
Global Directory	<ul style="list-style-type: none">• Zero Administration Directory Service automatically maintains dialing addresses for Polycom endpoints• Centralized, server-based directory• Integrate with Polycom OneDial™ (requires Polycom PathNavigator™)• Supports E.164 Dialing
SoftUpdate	<ul style="list-style-type: none">• Perform immediate or scheduled updates on multiple Polycom devices at once• Schedule and complete updates during non-business hours
Provisioning	<ul style="list-style-type: none">• Create standard profiles for Polycom video endpoint settings• Simplifies large video deployments• Easily and remotely reset endpoints to known configurations
Multiple Security Permissions	<ul style="list-style-type: none">• Create individual administration and group permission levels
